Dear Cities and Towns or Worcester County,

Richard J. Glavin
Worcester Regional
Transit Authority

I am pleased to announce that approximately \$350,000 has been made available for planning, training, equipment, and exercise grants for the communities of Worcester County. The Central Region Homeland Security Advisory Council intends on awarding a total of 7 grants to the region based on a competitive application process. The application deadline date is February 8th 2008.

Chief Neil Erickson
Gardner Police
Department

While all cities and towns are strongly encouraged to submit application, communities that are currently NIMS compliant will receive additional consideration. But again the Council looks forward to reviewing applications from all of our communities. Each city and town is limited to one application and we strongly encourage joint, regional applications. The actual application and supporting information can be found on the Central Massachusetts Regional Planning Commissions website at
